28 April 2007.

Dear Member of NCW,

At a recent meeting of our Committee (comprising myself, Sylvia Gelman AM, Janet Galley OAM and our historians Professors Quarty and Smart) the following questionnaire was designed to identify gaps in our knowledge.

We are interested in your opinions and any assistance you are able to give in compiling the history of the National Council of Women of Australia from 1931 to 2006.

The questionnaire will be sent to all living past presidents and selected office bearers, especially international secretaries, co-ordinators of standing committees and any members who have held international office. It is being sent electronically and by ordinary mail. It is planned to follow up the questionnaire with as many face to face interviews as possible.

We have applied for an Australian Research Grant for the project and we will be notified if we are successful or not in June 2007. Our historians have already presented three papers on NCWA at conferences in Helsinki and Armidale NSW and the Melbourne University Press has expressed interest in possible publishing. Whether we receive the grant or not we will self-publish and we have so far raised just under \$10,000. Naturally, we would welcome more donations, and all donors will be listed in the book. If you are able to assist, please forward the form below to the address above, as even small amounts can help us with the publication of this very important history. Receipts will be issued.

Kind regards,

Leonie Christopherson AM, Immediate Past President.

---

*I enclose a donation for the NCWA History Project.*
